Brand Introduction

MOREROOM • MORE NATURE MORE POSSIBILITIES

MOREROOM STONE, with over 12,000 square meters of natural stone and sintered stone industry landmark - ART-S RED HALL, is located in the heart of the Chinese Ceramics Industry-Foshan Ceramics International Center. MOREROOM STONE is a high-end natural stone and sintered stone brand, with a mature international research, development, design, and operational system. Essentially, it serves as a provider of natural stone and sintered stone one-stop solutions, collaborating with top-tier international design and development companies. From R&D, production, fabrication process, to installation, MOREROOM STONE keeps pace with the highest standards of the Italian and Spanish industries and can provide flexible brand customization services in every process.

MOREROOM STONE, since established in 2012, has been determined to be driven by the "GRAND DESIGN SYSTEM"(Integrated design, space and graphic design, product system design system), to the global market. In R&D, we have strategically partnered with top-notch Italian design institutions such as NEWTON, Digital Design, and Nitida and forged a stable long-term cooperation with Romani Group (Italy), establishing a Chinese R&D center together. Through the cooperation, to synchronize the Italian product aesthetic system and design logic, we provide the natural stone and sintered stone with authentic Italian natural aesthetics to consumers and designers.

MOREROOM STONE cooperates with the best raw materials suppliers and the top equipment ink and glaze manufacturers such as ZSCHIMMER & SCHWARZ(Germany), AIRPOWER(Italy), and TORRECID (Spain), etc., and strive to integrate the top product design, the most advanced technology and contemporary Italian aesthetic space experience, and brings the global marketing service system to high-end consumers around the world.
